

Report of the events

March 20, 2024: International Women's Day “Salute to a proud woman” was celebrated in the college by WEC in association with IQAC.

In this regard, a talk and felicitation programme “Salute to a proud woman” was arranged by inviting **Dr. Prema G.K.** Lecturer in Kannada, Sahyadri Arts College, Shivamogga. **Savithribai Phule Awardee and Deccan Herald Change Makers-2024 awardee** as chief guest. She addressed our students. While speaking she said, our community is bound by some blind belief and rituals, which dictate our lives from birth to death. The status of women in India has been subject to many changes over the span of recorded Indian history. With women increasingly becoming independent economically, men are being forced to take up new responsibilities, which are considered “women's work”. The economic situation and basic necessity have forced both men and women to reexamine traditional, existing social situations.

In her talk, she explained about her effort to bring social transformation in her tribal community. A rational awareness and change in mindset is possible only through good education. Women should be employed and realize their own power. She surpassed various challenges and limitations to become an achiever.

The talk witnessed and inspired the students and teachers as well as non-teaching staff.
